

HelloLisa – Virtual Reception with Microsoft Teams

HelloLisa turns your lobby into a secure, connected and professional welcome. A 21.5-inch touchscreen greets visitors with branded video and routes calls straight to reception or hosts through Microsoft Teams – no gateway or server required.

Key Benefits

- **Branded video welcome** → strong first impression
- **Direct Microsoft Teams calls** → no gateway or server
- **Pre-register, check-in and check-out** → logged in Teams
- **Remote door unlock** → via optional IP Relay
- **Multi-language, branding and visuals** → tailored experience
- **Always on 24/7** → on your Teams licence

Use Cases

Corporate Offices

Professional reception without full-time front-desk staff.

Multi-Tenant Buildings

Visitors select the right company directly on screen.

International Businesses

Multi-language welcome for global guests.

How It Works

1

Visitor checks in on the touchscreen

2

Call routed via Microsoft Teams

3

Host greets and screens the guest

4

Door unlocks from Teams

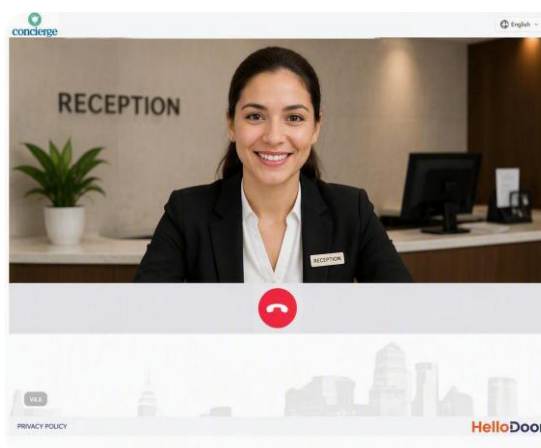

Licensing

Requires one Teams account per device:

- **Teams License or Teams Shared Device License**

Reception answers instantly via Microsoft Teams
